Profile

I'm a highly motivated Junior Python Developer with three years of intensive bootcamp experience, where I built a strong foundation in Python, web development, and problem-solving. I love turning ideas into clean, efficient code and enjoy tackling challenges that push me to learn more every day. I'm eager to contribute to a collaborative team, apply my current skills in real-world projects, and continue growing as a developer.

Employment History

Monteur, LIS Kuehlhausbau GmbH, Romanshorn

JAN 2018 – PRESENT

- Installation of wall and roof panels (PUR/PIR and mineral wool sandwich panels) for industrial and commercial buildings
- Assembly of cold and deep-freeze rooms according to technical drawings and project plans
- Sealing and connection work on doors, gates, and refrigeration units
- Installation of specialized doors, windows, and insulated systems
- Ensured compliance with safety and quality standards on-site
- Collaborated with project managers, engineers, and team members to meet project deadlines
- Assisted in system commissioning and final inspections
